Subject: Microsoft Settlement

Sir -

Just a quick note to let you hear my opinion on the subject settlement (Tunney Act). I would really like to see litigation ended immediately. I believe the settlement is fair as is and further fighting in the courts will do nothing for me as consumer and everything to further fatten the pockets of lawyers and a few wealthy plaintiffs. I do not wish to see my tax dollars wasted in further litigation against Microsoft and request that DOJ move to accept the settlement as it stands. Thank you.
